If issue is a user story, please tag with `story` and fill out table from Functional Specification below. Changes to this will be rolled into new versions of the Functional Specification.

ID	Priority	Platform	As a...	I can...	So that ...
S04.0.0	4	P	User	Unlock rewards from visiting locations	I am incentivised to keep visiting new places
S04.1.0	2	P	User	Have a celebration animation and sound effect when unlocking an award	I feel a sense of achievement

Make user story 4 specific for the QR scanner and make a separate user story for the reward system for the map-GPS combination
